## Price list introduction

Once we've spoken, we'll give you an accurate written estimate confirming arrangements, timings and costs.

We work with you in a completely personal way to give you what you want; no two funerals we've organised have ever been the same. We don't do packages so you're paying for everything you want - and nothing you don't need.

On the 'services' pages of our website you can find example estimates for many of the different types of ceremonies and celebrations we can organise.

Our estimate is always in two parts - **our fee** and **3<sup>rd</sup> party fees**.

## Our fee for a funeral starts from £1,900

Our burial or cremation funeral ceremonies and celebrations of life are personal in every detail - simple, contemporary, traditional, elaborate, eco-friendly or humanist.

You can choose a special or beautiful venue too, indoors or outside - at home, in your garden, in a field or woods, a rural barn, by a lake or by the sea, in a village hall - as well as more traditional venues like a church, chapel or crematorium. We can also give you ideas and help with organising wakes and ashes ceremonies.

### **Our fee includes**

- A relaxed visit or visits with us, at home or at Applefield Cottage, unless you'd prefer to arrange everything over the phone, by email, by post or online
- Regular ongoing contact in person
- Moving your loved one into our care
- Care of your loved one before the funeral, including washing and dressing them if you wish
- Supporting you to care for your loved one at home if you prefer
- Arranging the burial or cremation including research on pricing, booking a crematorium chapel or church or alternative indoor or open-air funeral venue, completing all paperwork, arranging for a Minister

or Celebrant to lead the ceremony, announcements in publications, arranging the music and supplying a music system, recording or live broadcasts, supplying trestles, arranging visuals and keepsakes and discussing creative elements you can contribute

- Design and layout of a Service Sheet if required, ready for printing
- Arranging transport for family and friends if required, to and from the funeral venue. The vehicle hire costs will be included in 3<sup>rd</sup> party fees
- The Funeral Director you have been in contact with throughout to oversee everything on the day
- Providing bearers and/or supporting family and friends to bear the coffin
- Arrangements for your loved one's ashes after a cremation

### **Additional support fees**

- Transporting your loved one on the day of the funeral using our simple hearse, an Audi A6 Allroad Estate car £165
- If you prefer a traditional or alternative hearse the hire cost will be included in 3<sup>rd</sup> party fees
- Leading the ceremony as a celebrant including coordinating readings, eulogies, music and agreeing the content of the Order of Service £310
- Weekend funeral, from £350
- Viewing of your loved one at home, from £260
- Moving of your loved one out-of-hours £295
- Ongoing care of your loved one, per day, after the first 5 days £30

## 3<sup>rd</sup> party fees

3<sup>rd</sup> party fees are made up of products and services agreed by you and organised and paid for by us on your behalf.

Unlike any other funeral directors we've yet to come across, we don't make a profit from 3<sup>rd</sup> party fees. You pay what we've paid - so no hidden 'extras'.

Did you know a burial can take place  
at home or on other land you own?

Choosing to have a burial on private land is more straightforward than you might think, for example planning permission from the Local Authority is not required for a limited number of burials. There are rules and regulations to follow - and a home burial does need careful thought. This helpful site will give you more information: [www.naturaldeath.org.uk/index.php?page=home-burial](http://www.naturaldeath.org.uk/index.php?page=home-burial)

## Coffins

There are many different types of coffin to choose from so the following pages give you just a small sample of what we can order on your behalf.

We're not tied to any supplier so we can source any size, style and type of coffin you want. We're green-minded, eco-friendly and members of the Association of Green Funeral Directors. We make every effort to source environmentally-friendly coffins and urns made of natural, recycled, biodegradable, sustainable and low-carbon materials.

Prices for coffins include VAT and a nameplate.

Bamboo, banana and pandanus coffins shown are made in World Fair Trade Organisation accredited workshops.

With over 130 to choose from, you can add a flag (8ft long by 5ft wide) to go on top of a coffin, from £45.

We can help you create a completely personal coffin by delivering a simple white cardboard coffin to you, for you to decorate. When you've finished, we'll collect it from you in time for the funeral.

We recommend the Coffin Club who not only help people create their own coffins but provide a safe space to talk about death and plan your perfect send-off. It's a place to come and learn about all the options available to you for your end-of-life celebration. It's also somewhere to address funeral poverty by clearly examining the costs behind the funeral industry. [www.coffinclub.co.uk](http://www.coffinclub.co.uk)

## Just Advice and Support

### **Our just advice and support fee starts from £250**

Did you know you don't have to use a funeral director?

If you're planning to make most or all arrangements and decisions yourself for a home-led or DIY funeral ceremony and celebration, we can help with as much or as little practical support and advice as you want.

Our service starts with an initial chat to discuss your plans - to work out together exactly how much help you're going to need. We'll then give you a fully-costed estimate.

We can meet you in person at home or at Applefield Cottage or we can arrange everything over the phone and by email if you prefer.

If plans change or you decide you need more help - we're flexible and can give more at any time. We'll update the estimate if necessary so you're always in control of how your money is being spent.

## Planning ahead for your funeral

If you're thinking ahead and want your loved ones to know what you'd like when the time comes, we can help you put these arrangements in place.

Importantly, planning ahead for your funeral does not mean you have to purchase a prepaid funeral plan. Here are two options for you to consider:

### **1<sup>st</sup> option: plan in advance - but don't pay in advance**

I'll discuss with you exactly what you want and then help put together a 'statement of wishes' followed by a detailed estimate of cost which you can give to your family and/or executors.

Cost: there is an administration fee of £100 payable for this service. This fee is refunded if you use us when the time comes for the funeral.

### **2<sup>nd</sup> option: plan in advance - and pay in advance - by purchasing a prepaid funeral plan**

Planning a funeral ahead of time is a sensitive topic and can be challenging to navigate. There are pros and cons to buying a prepaid funeral plan which I'm very happy to discuss with you.

My views are entirely independent - I don't have ties to any funeral plan company. I'm not registered with the Financial Conduct Authority (FCA) and I can't give financial advice regarding the purchase of a funeral plan, which is an FCA regulated financial product. There will be fees and charges for purchasing a funeral plan.

## Invoicing and payment

If our estimate is under £2,750 we'll invoice you for the full amount.

If our estimate is more than £2,750 we'll invoice you for a 50% deposit payment. After the funeral we'll send you a final invoice for the balance.

These invoices are due for payment straightaway, unless we have agreed to a payment plan with you. Our business terms & conditions are printed on the back of the estimate.

We always issue invoices for payments due and receipts for payments made.

There is **no VAT** to pay on funeral fees. We accept payment by online banking, cheque, cash and card\*.

We support families with Funeral Expenses and Bereavement Payments from the DWP (Department for Work and Pensions) and who need flexibility in the way payments are scheduled.

We are signatories to the Fair Funerals Pledge.

We can suggest ways of helping keep costs to a minimum if that's important - including ways your family and friends can be involved in making the funeral as personal as possible.

\* There may be a transaction charge if you choose to pay by card. We will confirm in advance if a transaction charge is due and also confirm your approval before proceeding.
