We'll give you an accurate estimate beforehand.

1

We can organise and manage everything you want us to.

3

We can meet at home or at Applefield Cottage - or arrange everything by phone and email.

4

We'll explain what all your options are - and listen carefully to what you want.

How much you spend has nothing to do with how much you love. Honouring a life in simple, thoughtful ways has great meaning.

5

We'll confirm everything we've discussed and agreed in writing.

We don't profit from products or services organised and paid for by us on your behalf - so no hidden extra fees and complete transparency.
